

ENA Open Networks Dissemination Forum Meeting Agenda

Thursday 22 September 2022 (10:00 – 12:25)

Welcome to the third Open Networks Dissemination Forum meeting. ENA's Open Networks programme (ON) is a cross-industry initiative that is laying the foundations of a smart, flexible energy system in the UK. Stakeholder engagement and collaboration with the wider industry are at the heart of the Open Networks programme. The Dissemination Forum was created to further open up the programme to stakeholders, giving everyone in the industry the opportunity for broad engagement with the programme and to stay up to date with the latest developments.

This meeting will be held over MS Teams and joining details can be found in the outlook invitation. We intend to record the session and uploaded to the [ENA YouTube channel](#) so it is publicly available for any unable to attend the session.

If you have any questions, please feel free to contact us on opennetworks@energynetworks.org.

Item	Start	End	Time	Item	Lead
1	10:00	10:05	5	Welcome Welcome from the Chair	Sotiris Georgiopoulos (Chair of ON Steering Group, UKPN)
