This document has been prepared for use by members of Energy Networks Association to take account of the conditions which apply to them. Advice should be taken from an appropriately qualified engineer on the suitability of this document for any other purpose.

Foreword

This document contains listings of switchgear assessed by the Energy Networks Association for use on the UK distribution and transmission networks.

Inclusion in this list only indicates the existence of a Notice of Conformity indicating that the product has been assessed against the requirements of ENA Technical Specifications 41-36, 41-37, 37-2, 41-40, 41-41, 41-43, 41-46, 41-47 by the ENA Switchgear Assessment Panel. Non-compliances are not listed, and the individual notice of conformity should be consulted before any approval for use is given.

References

ENA TS 41-36	Distribution switchgear for service up to 36kV (cable and overhead conductor connected)
ENA TS 41-37	Switchgear for use on 66kV to 132kV distribution systems
ENA TS 37-2	Substation cable distribution boards
ENA TS 41-40	Ground Mounted Major Substation 12 to 36 kV Rated Indoor Fixed Pattern Switchgear
ENA TS 41-41	Ground Mounted Distribution Substation 12 to 24 kV Rated RMU & Extensible Switchgear
ENA TS 41-43	Withdrawable Retrofit Ground Mounted 12 kV to 36 kV Rated Indoor Circuit-breakers
ENA TS 41-46	Pole Mounted Circuit-breakers & Metal Enclosed Disconnectors
ENA TS 41-47	Pole Mounted, Non-Enclosed: Switch-Disconnectors, Disconnectors, Earthing Switches, Fuse Switches (Expulsion fuses), Solid Links and Automatic Sectionalising Links (ASLs)

Definitions

APPROVAL NOTICE

An Electricity Association legacy document. These notices are retained for information only and are not maintained. Any information contained within these notices needs to be reviewed and verified that it is still current.

NOTICE OF CONFORMITY

An Energy Networks Association document which details the compliance of equipment for use on UK Transmission and Distribution Networks, with the relevant ENA specification. An NOC is intended to assist ENA member companies in meeting UK legislation on the selection of electrical plant and products, by ensuring that such equipment meets pre-determined functional and operational criteria.

Notice of Conformity
